Jewelry Theft in Leroy Township

On Monday June 20, 2011 the Lake County Sheriff's Office initiated an investigation into a theft of a large quantity of valuable jewelry upwards of \$20,000 from a Leroy Township residence. The investigation focused on recent guests at the home. Continued investigation by Deputy Jeff Dybzinski led to the recovery of the majority of the stolen jewelry from a local business.

On Thursday, June 23, 2011 an arrest was made of Kyle P. Dodson-Manning, an adult male of Mentor, Ohio. He was charged with Receiving Stolen Property, a fourth degree felony. There are witnesses supporting that Dodson had recently visited the Leroy Township home in addition to evidence that identifies him as the individual who took the jewelry to a local business for cash. The investigation continues into the involvement of a juvenile male residing in Lake County and into the recovery of the jewelry that remains missing.

The diligent investigative efforts performed in this case by Deputy Dybzinski allowed for the return of many sentimental jewelry items back to the victim party.

Sgt. Pat Paterson
